

## **Wellington Hockey Association 2015 Coach Development:**

In 2015 Wellington Hockey are expanding their coach development opportunities beyond the formal Hockey New Zealand courses.

Wellington Hockey are introducing a Modular course that will provide continuous development for coaches. The modular course runs alongside the Hockey New Zealand coaching framework and is split into the following awards;

EXPLORE award: For small sticks and U13 representative coaches

DEVELOP award: For school, club and U15 representative coaches

PERFORM award: For club and U18 representative coaches

Different modules will be held over the year and coaches can pick and choose which modules they choose to attend. To complete an award an individual needs to complete six modules relevant to that award.

A calendar of courses and how to register for courses can be found on our website.

This calendar will be regularly updated as more opportunities are added.

### **Description of Opportunities:**
